THE AES

Panel Discussion

The Panel Discussions at AES 2026 bring together accomplished entrepreneurs, business owners, and industry professionals to share their experiences, insights, and perspectives with the next generation of business leaders. These sessions aim to bridge the gap between academic learning and real-world business experience through engaging conversations on entrepreneurship, leadership, and business growth.

Delegates will gain valuable insights into the challenges, decisions, and opportunities that shape professional and entrepreneurial journeys, while engaging directly with individuals who have experienced these realities firsthand.

What Delegates Can Expect

- **Industry Insights:** Learn about business strategies, market dynamics, and real-world challenges from experienced professionals.
- **Practical Learning:** Explore leadership, decision-making, innovation, and strategies for sustainable business growth.
- **Real-World Experiences:** Understand the lessons, setbacks, and milestones that shape entrepreneurial journeys.
- **Interactive Engagement:** Ask questions, exchange ideas, and gain diverse perspectives on contemporary business issues.
- **Networking Opportunities:** Connect with established professionals, seek guidance, and build meaningful relationships within the business community.

Through these discussions, AES 2026 aims to encourage critical thinking, broaden delegates' perspectives, and equip them with practical knowledge and connections that extend beyond the summit.

ON CAMPUS

Code of Conduct

01
Prohibited Items
Bringing prohibited or unauthorized items, including vapes, electronic cigarettes, drugs, or other illegal substances, onto the premises is strictly forbidden. Any such items will be confiscated, and the team involved may face disqualification.

02
Respect for Property
Any deliberate damage to school property or facilities will result in disciplinary action, which may include the disqualification of the responsible delegation.

03
Personal Belongings
Participants are responsible for keeping their belongings safe. The organising committee and host institution will not be liable for any lost, misplaced, or damaged items.

04
Attendance Requirements
All delegates must attend the full three-day summit and remain on campus throughout the designated event hours each day.

05
Punctuality and Participation
Participants are expected to arrive on time and attend all modules, sessions, and activities in which they are scheduled to participate.

Code of Conduct

06
Campus Restrictions
Delegates must remain within their designated areas and are not permitted to roam around the campus without authorization.

07
Respectful Conduct
All participants must maintain respectful and professional behaviour towards fellow delegates, faculty, judges, volunteers, and members of the organising committee. Disrespectful or inappropriate conduct will not be tolerated.

08
Deadlines and Time Limits
Participants must comply with all deadlines and time limits set by their respective module heads. Extensions will not be granted unless explicitly authorized by the organising committee.

09
Conflict Resolution
Any dispute, disagreement, or incident involving another participant must be reported promptly to the relevant module head or a member of the organising committee. Delegates are expected to avoid escalating conflicts themselves.

10
Campus Security
The school premises are monitored by CCTV for safety and security purposes. Any violation of the code of conduct will be addressed appropriately, and serious misconduct may result in further disciplinary action or disqualification.

MODULE 01

Investomania

01

ROUND 1 | ROUND 2 | ROUND 3

OVERVIEW

Teams begin their investment journey in Pakistan's stock market, trading shares of listed companies using provided case studies and a defined budget. As economic and political developments influence market conditions, participants must make informed buying and selling decisions to build and manage their portfolios.

EVALUATION FRAMEWORK

01 Portfolio Performance

The final value and over all profitability of the team's investments.

02 Risk and Financial Management

The effectiveness of capital allocation and the team's ability to manage market volatility.

03 Trading Integrity and Compliance

Adherence to competition regulations and responsible trading practices.

MODULE 01

Investomania

01

ROUND 1 | ROUND 2 | ROUND 3

OVERVIEW

Two decades into the future, teams take on the role of hedge funds operating in a digitally driven global economy. Investing across digital assets and international markets, they must adapt to changing financial trends, technological disruptions, and emerging risks while remaining aligned with their assigned investment objectives.

EVALUATION FRAMEWORK

01 Investment Performance

The returns generated through portfolio allocation and trading decisions.

02 Strategic Alignment

Consistency between investment decisions and the assigned fund objectives.

03 Crisis Response and Adaptability

The effectiveness of decisions made in response to market disruptions and emerging risks.

MODULE 01

Investomania

01

ROUND 1 | ROUND 2 | ROUND 3

OVERVIEW

The final round shifts the focus from wealth creation to wealth preservation. Teams must restructure their portfolios, navigate changing tax policies, and evaluate alternative investment opportunities to maximise the value of their remaining capital. The competition culminates in a final review of selected teams' financial strategies and decisions.

EVALUATION FRAMEWORK

01 Post-Tax Portfolio Value

The final value of the team's assets after applicable taxes and financial costs.

02 Wealth Preservation and Risk Management

The effectiveness of portfolio restructuring and capital allocation decisions.

03 Strategic Justification and Compliance

The ability to substantiate financial decisions and demonstrate adherence to competition rules.

MODULE 02

Defend the Empire

02

ROUND 1 | ROUND 2 | ROUND 3

OVERVIEW

Teams must address the internal consequences of their assigned crisis, focusing on employee well-being, internal communication, and organisational stability. They will develop an internal response plan and defend their strategies in a mock shareholder meeting, where their decisions will be challenged.

EVALUATION FRAMEWORK

01 Crisis Analysis

Understanding of the crisis and its internal implications.

02 Employee Well-being

Effectiveness of measures supporting staff.

03 Communication and Transparency

Clarity of internal communication.

04 Crisis Containment

Feasibility of immediate and long-term responses.

05 Strategic Justification

Ability to defend decisions through logical reasoning and teamwork.

MODULE 02

Defend the Empire

02

ROUND 1 | ROUND 2 | ROUND 3

OVERVIEW

Teams are assigned a corporate crisis and provided with a case study outlining the company's background and the situation at hand. They must develop an external communication strategy to manage public backlash, address stakeholder concerns, and protect the company's reputation. The round culminates in a mock press conference where teams present their response and face challenging questions from journalists.

EVALUATION FRAMEWORK

01 Communication and Messaging

Clarity and professionalism of public statements.

02 Stakeholder Management

Effectiveness in addressing external concerns.

03 Strategic Consistency

Alignment between the crisis and proposed responses.

04 Crisis Response

Composure and accuracy during questioning.

05 Creativity and Realism

Practicality and originality of proposed solutions.

MODULE 02

Defend the Empire

02

ROUND 1 | ROUND 2 | ROUND 3

OVERVIEW

With the company's cash flow declining, teams must navigate a series of financial challenges by selecting from alternative strategies with varying outcomes. Each decision affects the company's financial position, requiring teams to assess risks and prioritise effective solutions. Final rankings will be determined by the cash flow achieved throughout the round.

EVALUATION FRAMEWORK

01 Financial Performance
Final cash flow achieved.

02 Strategic Decision-Making
Suitability of selected solutions.

03 Risk Assessment
Understanding of potential financial consequences.

04 Adaptability
Ability to respond effectively to successive challenges.

MODULE 03

Market Monopoly

03

ROUND 1 | ROUND 2

OVERVIEW

Teams compete to build their business empires by bidding on properties inspired by Karachi's streets and acquiring essential utilities. With a limited budget, participants must make strategic purchases, upgrade their properties, and manage their finances. Teams may also seek bank financing to support their acquisitions , balancing expansion with the risks of debt.

EVALUATION FRAMEWORK

01 Asset Portfolio

Value of acquired properties and utilities.

02 Financial Management

Effective use of available capital and responsible borrowing.

03 Property Development

Progress in upgrading acquired properties.

04 Transaction Accuracy

Accuracy of recorded purchases and payments.

05 Financial Compliance

Adherence to banking rules and repayment obligations.

MODULE 03

Market Monopoly

03

ROUND 1 ROUND 2

OVERVIEW

Teams face a new challenge as selected properties generate rental payments that must be settled through available funds or alternative arrangements. Participants must manage their cashflow while negotiating strategic mergers with other teams, combining property portfolios to strengthen their market positions. Successful partnerships require negotiation, financial planning, and mutually beneficial agreements.

EVALUATION FRAMEWORK

01 Payment Management

Timely settlement of rental obligations.

02 Final Net Worth

Overall value of assets and cash after accounting for liabilities.

03 Merger Strategy

Effectiveness of negotiations and the financial benefits achieved through mergers.

04 Documentation and Compliance

Accuracy of agreements and adherence to competition rules.

MODULE 04

Venture Verse

04

ROUND 1 | ROUND 2

OVERVIEW

Teams develop an original business concept that addresses a real-world problem or market opportunity. With the freedom to choose their own industry, participants must build a venture that fulfils the assigned conditions while demonstrating creativity, innovation, and commercial potential. Teams will present their concepts, outlining their value proposition, target market, revenue model, and overall business viability.

EVALUATION FRAMEWORK

01 Creativity and Innovation

Originality and distinctiveness of the business idea.

02 Business Viability

Feasibility of the business model and potential for profitability.

03 Problem–Solution Fit

Relevance of the proposed solution to the identified problem or market need.
